PRIMETECH STOVE SET 1.3 L / 2.3 L

Fuel-efficient, all-in-one stove system with integrated Laminar Flow Burner Technology™ and windscreen. Remote-canister stove offers max stability due to lower center of gravity. Fine control valve for precise flame and heat control and regulated valve. Two lightweight hard-anodized aluminum pots -one with with integrated heat exchanger and ceramic, non-stick coating - nest into each other for easy packing. Transparent lid with integrated colander and heat resistant silicone handle. Remote, independent t-grip Piezo igniter included, no lighter required. Removable Crimp Pot Gripper handles hot pots and pans with ease.

	350 g	Ø 100 x 130 mm	1500 W	1	✓	2:45 / -	Gas
--	-------	----------------	--------	---	---	----------	-----

LITE PLUS STOVE

Lightweight system stove burner locks securely to the pot when in use and packs conveniently inside with a 100g gas canister. Fine control valve for precise flame and heat control. Laminar Flow Burner Technology™ offers a lower center of gravity making the stove stable, lighter and more compact. Includes pot support pegs to use with any non-system pot or pan. 0.5L hard-anodized aluminum pot with integrated heat exchanger and insulated pot sleeve. Pot lid doubles as a cup. Comes with a Foot Rest to attach on the gas canister for extra stability and a Hanging System when you can't find a flat space to cook.

	350 g	Ø 100 x 130 mm	1500 W	1	✓	2:45 / -	Gas
--	-------	----------------	--------	---	---	----------	-----

LITE STOVE

Lightweight system stove burner locks securely to the pot when in use and packs conveniently inside with a 100g gas canister for ultimate travel experience. Fine control valve for precise flame and heat control. Laminar Flow Burner Technology™ offers a lower center of gravity making the stove stable, lighter and more compact.

	565 g	Ø 150 x 118 mm	1700 W	1-2	✓	4:00 / -	Gas
--	-------	----------------	--------	-----	---	----------	-----

LITE XL STOVE

Lightweight system stove burner locks securely to the pot when in use. 1.0L hard-anodized aluminum pot with pour spout and integrated heat exchanger. Laminar Flow Burner Technology™ offers a lower center of gravity making the stove stable, lighter and more compact. Bio-based plastic pot lid doubles as a cup. Burner and 230g gas canister packs conveniently inside pot.

	106g / 90g	Ø 36 x 103mm	2500 W	1-2	✓	3:30	Gas
--	------------	--------------	--------	-----	---	------	-----

FIRESTICK STOVE / TI

Available in robust Stainless Steel and ultralight Titanium (Ti) versions. Pot supports offer flame protection in windy conditions and protect the stove when stowed. Fine control valve for precise flame and heat control. The focused flame and stable pot supports work perfectly with PrimeTech pots with heat exchangers. Wool storage pouch doubles as a pot holder. Remote, matchstick-style Piezo igniter included, no lighter required.

	112 g	Ø 108 x 60mm	2500 W	1-2	-	3:30	Gas
--	-------	--------------	--------	-----	---	------	-----

ESSENTIAL TRAIL STOVE / DUO

Compact, lightweight, easy to use and always ready to cook. Wind-blocking pot supports keep the flame strong and steady in windy conditions while comfortably holding a variety of pot sizes. Laminar Flow Burner Technology™ offers a lower center of gravity making the stove stable, lighter and more compact. Control valve ensures precise flame control. Available in Duo, fitting both threaded (Lindal) and non-threaded canister valves.

	195 g / 233 g	125 x 125 x 82 mm / 125 x 125 x 104 mm	2800 W	1-3	-	2:30 / 3:40	Gas Duo: Most valve cartridges
--	---------------	--	--------	-----	---	-------------	-----------------------------------

MIMER STOVE / DUO

Robust and durable with no folding parts, this stove is incredibly easy to use and can be passed down for generations. Wide flame excels at heating larger pots to cook for 1-3 people. Static 4-point pot supports offer extra stability and wind resistance while comfortably holding a variety of pot sizes. Available in Duo, fitting both threaded (Lindal) and non-threaded canister valves.

	80 g / 90 g / 94 g	68 x 57 x 65mm / 68 x 57 x 68 mm / 68 x 57 x 68 mm	2600 W	1-2	- / ✓	2:30 / 3:30	Gas
--	--------------------	--	--------	-----	-------	-------------	-----

MICRON STOVE / PIEZO / REG PIEZO / DUO

Our most lightweight backpacking stove. Pot supports fold down making for a compact, pocket size stove. Oversized and foldable control valve for precise flame control. Narrow high speed flame for wind resistance. Available in Duo-version, fitting both threaded (Lindal) and non-threaded canister valves. Available in a regulated valve-version to ensure consistent fuel output for the life of the canister in any type of weather.

	103 g / 115 g	87 x 40 x 83 mm	2600 W	1-2	- / ✓	2:30 / 3:30	Gas
--	---------------	-----------------	--------	-----	-------	-------------	-----

EXPRESS STOVE / PIEZO

Lightweight backpacking stove. Pot supports fold together making for a compact, pocket size stove. Control valve for precise flame control. Narrow high speed flame for wind resistance.

	250 g	151 x 110 x 50 mm	3000 W	1-4	✓	2:50 / 3:50	Gas Can be upgraded to multifuel by 737380
--	-------	-------------------	--------	-----	---	-------------	---

GRAVITY STOVE

Wide flame excels at heating larger pots to cook for 1-4 people. Compact and light to fit into any backpack. Remote-canister stove, has max stability due to lower center of gravity and 4-leg design. Preheating coil excels at cooking in colder temperature. Remote, independent t-grip Piezo igniter included. Can be upgraded with Gravity MultiFuel Kit (not included) for use of liquid fuel. Comes with a foldable windscreen, a heat reflector and a remote piezo igniter.

	385 g / 346 g	160 x 85 x 88 mm	3000 W	1-4	✓	2:50 / 3:50	Gas Duo: Most valve cartridges
--	---------------	------------------	--------	-----	---	-------------	-----------------------------------

EASY FUEL STOVE / DUO

Robust, reliable and easy-to-use, this stove will hold up to years of use. Compact and light to fit into any backpack. Remote-canister stove, has max stability due to lower center of gravity. Piezo ignition, no lighter required. Available in Duo, fitting both threaded (Lindal) and non-threaded canister valves.

	200 g	105 x 82 x 50 mm	2000 W	1-4	-	3:35 / 5:00	Gas
--	-------	------------------	--------	-----	---	-------------	-----

EXPRESS SPIDER STOVE

Lightweight, compact and fits into the top pocket of any backpack. Remote-canister stove construction, with a lower center of gravity for additional stability. Narrow flame is fuel-efficient and compatible with Primus PrimeTech Pots with integrated heat exchanger. Preheating coil excels at cooking in colder temperature. Can be upgraded with Express Spider MultiFuel Kit (not included) for use of liquid fuel.
